

PATIENT TESTIMONIALS

I have had the best experience being a patient of Blue Back Dental. Dr. Molyneaux and his staff are ultimate professionals. With state of the art technology, they have dealt with some complicated issues I have had with my teeth with ease resulting in my healthy and great looking smile. – Dan Busch

Jessica was excellent with the x-rays – such an asset to your organization; I really felt comfortable. Oh and Dr. Wu was nice too. In all seriousness it is a high-class operation, I always enjoy my visits. Thanks! - Nate McMullin

Everyone at Blue Back Dental is very professional and the service is of the highest quality. I would recommend Blue Back Dental to anyone! – Matthew Curtain

Great job and an even greater staff! I've been to many offices where staff is extremely standoffish – set the whole tone for the rest of the appointment. Have not seen that AT ALL with your staff. Keep up the nice work! – Joanne Riggins

The nicest group of people in any medical/dental office I have EVER been to. – Marge Golas

Very pleased with the office. First time in my life I look forward to going to the dentist. – Joan Laffin

I actually enjoy going to the dentist now that I go to Blue Back Dental. The service is excellent and I feel really comfortable and in good hands. Everyone is exceptionally friendly and I've already recommended that several friends go to Blue Back Dental. – Molly Arnison

Michele Winiarski did a great job cleaning my teeth and addressing specific concerns. – Craig Lahey

I do not have any issues/concerns with the level of service of the procedures...this office is the most professional, friendly, clean office of any dentist office that I've ever been to...Dr. Wu is also extremely knowledgeable and explains every procedure that he has to perform on my teeth. Also, prior to leaving the office, he reviews any work that needs to be completed at future appointments. I'm always recommending Dr. Wu to my friends and work associates, but people hear that the office is in Blue Back Square and they fear that the cost of cleanings and/or services will be high due to the location of the office (which is not true). – Kimberly Link
